Index to Notices in the *Canton Repository*, 1815-1849  
The following is an alphabetical listing, by surname, of notices that were published in the Canton, Ohio, newspaper, the *Repository*, from March 1815 to December 1849. The index covers marriage, death, divorce and administration notices. There are also a few others included. It was compiled by library staff and volunteers in the hope that the book would be a useful tool to genealogists, as well as other researchers.

To use this index, simply look up the name of the person whose notice you wish to find. The entries will appear as follows:

**ABELL Azor MAR Mar 08 1827 3 4 Tusc**

The first column is the individual's SURNAME. The second gives the person's given name and (title) if one is used. The type of record is shown in column three. The fourth column is the issue date of the *Repository*. The fifth and sixth columns tell the page and column number where the notice is located. Any additional information appears in the last column. If no county name appears, then the person resided in Stark County.

You may find one name with several listings showing different dates and locations in the paper. This indicates multiple listings for that individual. We encourage you to view each item for additional information.
