

Imagine Books for All Kids!

Imagine how you felt as a little kid, snuggling close to mom or dad, listening to stories of dinosaurs or fairies, seeing colorful pictures as they turned the pages... Not only did you love the story, but your brain was developing, forming vital connections to prepare you to read, and be ready for school.

On this Giving Tuesday, we ask you to think about the little ones in Stark County who do not have that experience. Books are not in their home. Their parents don't have the money to buy them... They live too far from the Library... They don't have a car...

When you support Stark County's Imagination Library, you join the team sending free books to children at the time when their brains are developing most rapidly - from birth to the age of 5. Every month an age-appropriate book arrives in the mail at no charge to the family, providing a path to level the playing field so **every child can grow, regardless of income**. For just \$25, you can fund one child for an ENTIRE YEAR OF BOOKS! A small investment for such a great payoff!

As the founder of Dolly Parton's Imagination Library puts it, "The seeds of dreams are often found in books, and the seeds you help plant in your community can grow across the world."

-Dolly Parton
